CTU FIT & UA

DBE double degree and more

by Ing. Michal Valenta, Ph.D

last update: October 4, 2024

IT systems for study support

- usermap.cvut.cz – identity management, profiles...
username / password , personal settings
- kos.cvut.cz - study affairs (courses reg., exams, ...)
- courses.fit.cvut.cz (FIT) - study materials, **specific info**
- grades.fit.cvut.cz (FIT) - continuous assesment
- bk.fit.cvut.cz - (FIT) syllabus of courses, alternative to CTU website bilakniha.cvut.cz
- help.fit.cvut.cz - set of usefule manuals and explanations of IT environment
- timetable.fit.cvut.cz - schedules of classes
- helpdesk.fit.cvut.cz - standard helpdesk

Courses at FIT available to UA students

- NIE-AM1 – Middleware Architecture
- NIE-BLO – Blockchain
- NIE-PDB – Advanced Databases
- NIE-SWE – Semantic Web and Knowledge Graphs
- DD-ZUM – Artificial Intelligence Fundamentals
- (NIE-IOT) - Internet of Things
- For DD program (compulsory courses): NIE-MPI, NIE-KOP, NIE-PDP, NIE-VSM

NIE-xxx - master's course in program **Informatics** in **English**

yyy-**SWE** – course code (usually from Czech course name)

FIT specifics

- Registration for winter and summer semester courses is separate.
- Each course (usually) has different requirements (read carefully **courses.fit.cvut.cz** for each course).
- Usually, there is assesment + examination
- Assesment – work during the semester (one attempt), min points requirement, necessary for exams
- Exam – exam period (3 attempts)
- Usally: assesment + exams points, up to 100 points
- Evaluation (A > 89, B > 79, C > 69, D > 59, E > 50)

FIT specifics
